

NOW HIRING!

Electrical Engineer – Entry and Mid-Level

It's an exciting time to be in the marine business and Elliott Bay Design Group (EBDG) is seeking a qualified Marine Electrical Engineer to join its team of professionals. The ideal candidate will have a degree in Electrical Engineering, Naval Architecture, and/or Mechanical Engineering. Position requirements include:

- BS Degree from an ABET – accredited school
- EIT certificate or able to obtain in the first year of hire
- AutoCAD and MS Office Skills
- Ability to perform onsite ship inspections

Preferred candidates will have one to two years of experience with a marine professional engineering firm and/or experience in a shipyard environment. Preferred candidates will also have one to two years of experience working with one-lines, electrical load analyses and wiring diagrams. Candidates without experience are still encouraged to apply, however. Experience in the use of electrical simulation software such as SKM Power*Tools is also beneficial.

Work will primarily be in an office environment (5 days per week typically) with occasional travel for client and project meetings, inspections, and testing. EBDG has offices in Seattle, WA and Covington, LA. Depending upon your preference and experience level, you may be in either office. The successful candidate will have excellent writing and oral communication skills and will be able to work both independently and with a team.

Proof of eligibility to work in the U.S.A. is a requirement. No second party referrals or contact, please.

You will be working closely with a team of experienced naval architects, marine engineers, and marine designers.

Along with competitive salary, EBDG offers a variety of benefits including medical, vision, 401(k), sick leave, holidays, and vacation. We believe that investing in our employees is paramount, so we offer training and mentoring programs to support our staff's goals and objectives. As an employee-owned company, future ownership opportunities may be available.

Elliott Bay Design Group LLC provides equal employment opportunities to all employees and applicants for employment without regard to race, color, religion, sex, national origin, sexual orientation, gender identity, protected veterans, age, disability, or genetics. In addition to federal law requirements, EBDG complies with applicable state and local laws governing nondiscrimination in employment.

Send resumes in confidence to info@ebdg.com. For more information please visit EBDG on the web at www.ebdg.com.
